their pictures on the correct side of the Living and Non-Living sorting chart. Then they are to count the number of living and non-living items and complete this pictograph below by glueing their pictures to create a graph. **Teacher Directions:** First, have the students sort their pictures from what they found during their scavenger hunt. Next, have themplace

## Scavenger Hunt Pictograph

Non-Living

Which thing did you find the least?	Which thing did you find the most?
